*Those who are already graduates can quickly get a Job in Japan after studying Japanese from First Study.*  
*Those who are not graduates can get a Job in Japan after studying Japanese from First Study and then Graduating from a University.*

## Voices of graduates and students

**Kashif Iqbal**

I came to Japan after graduating from my university in India and after graduating from First Study I got a job in a car import company in Kobe.

**Nguyen Ngoc Yen**

Using the CAD skills that I learned in my home country, I am working in an Architectural firm. From here on I want to keep on working in Japan.

**Sanjay Atj**

I got into Osaka prefecture university and currently doing my Doctoral in Robotics while getting a scholarship.

**Archana Samal**

After graduating from First Study, I am now working as an interpreter between Indian and Japanese workers in Mie prefecture.

**Sahib Kaur**

I am working in an International Ironworks Trade Company, Osaka. The job is very intense but it has been an excellent experience.

**Kinley Phurba**

I'm building a robot using AI. I'm learning Japan's programming skills in the company.
